AUDITOR'S REPORT

We have examined the books of the Town Clerk, Town Treasurer, Selectmen's Books, Trustee of the Trust Funds, Revenue Sharing Accounts, and the Accounts of the Ira S. Knox Fund (Durgin Estate). We find these to be correctly cast and correct to the best of our knowledge and belief.

We have examined the 1972 and 1973 Tax Warrants and all of the available records of the Tax Collector. We were unable to balance the Levy of 1972. We fully concur with the recommendations of the State Auditors, and we further recommend that they be implemented immediately.

We suggest that the Selectmen attach invoices to all vouchers.

**DIVISION OF MUNICIPAL ACCOUNTING
DEPARTMENT OF REVENUE ADMINISTRATION
SUMMARY OF FINDINGS AND RECOMMENDATIONS**

Board of Selectmen
Milton, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of Emma P. Ramsey, Tax Collector of the Town of Milton, which was made by this Division under the provisions of R.S.A. 71:27. This audit covered the period from January 1, 1971 to January 9, 1973.

AUDIT PROCEDURE

Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes was made by mailing notices to delinquent taxpayers as indicated by the Tax Collector's records.

GENERAL COMMENTS

During the course of this examination the following inadequacies in accounting procedures and compliance with statutory requirements were noted.

1. The Tax Collector has repeatedly failed to comply with the provisions of 41:35, which statute requires that a collector of taxes must pay over to the town treasurer on or before the tenth day of each month all monies collected in the preceding month.
2. The Collector does not submit a written report to the treasurer with each remittance of tax collections.
3. The Collector accumulates unreasonable amounts of tax

receipts before remitting to the Treasurer and fails to exercise adequate care to safeguard such undeposited receipts. The auditors noted that some tax receipts and tax records are not kept in the safekeeping equipment which has been provided to the Collector by the Town.

4. Reports to the Strafford County Register of Deeds pertaining to notices of tax sales, reports of tax sales, payments before sales and notices of redemptions are not filed on a timely basis by the Collector in most instances.
5. Tax collections are not remitted "intact" to the Treasurer. There were instances noted wherein cash collected was withheld for the purpose of effecting refunds of overpayments.
6. A partial review of interest collected on delinquent 1971 property taxes revealed that the Collector does not collect all interest due on delinquent taxes. In many cases no interest whatsoever is collected when delinquent taxes are paid. Similarly, many taxpayers are not charged the full amount of interest for which they are legally liable.
7. Tax collections are not recorded in the cash payment book or posted in the tax warrants and tax sales records immediately upon receipt. Likewise, a number of tax abatements issued by the Board of Selectmen were not recorded in the tax warrants during the period covered by this audit.

RECOMMENDATIONS

1. All tax collections should be recorded in the appropriate records immediately upon receipt and remitted to the Town Treasurer as often as practical in order to minimize exposure of such receipts to the hazards of loss by fire, burglary or other calamity. It is recommended that tax receipts be remitted to the Town Treasurer as often as once a week. In no event, however, should such remittances be made less frequently than on the tenth day of each month.
2. All remittances to the Town Treasurer should be accompanied by a properly completed "report of tax collector to

treasurer'' identifying in detail the types of receipts paid over.

3. The Collector should discontinue the practice of refunding overpayments out of tax receipts. All overpayments should be refunded by town check. In addition, all tax receipts should be remitted ''intact'' to the Town Treasurer.
4. The Collector should adopt the practice of placing all unremitted tax receipts and tax records (cash payment book, paid tax stubs, tax warrants, tax sales records, etc.) in the safekeeping equipment provided by the Town for this purpose. Any financial loss suffered by the Town as a result of the Collector's failure to properly utilize this equipment could result in charges that the Collector in this respect did not render faithful performance of the duties of the office. Such a loss would be recoverable from either the Collector personally or through the Collector's surety bond.
5. The Collector in accordance with R.S.A. 76:13 must charge and collect interest at the rate of nine per cent on all delinquent property taxes, unless abated in writing by the Selectmen. Similarly, R.S.A. 80:32 provides assessed interest at eleven per cent upon the whole amount of the tax sale, from the time of sale to the time of redemption, together with redemption costs. The collection of such interest and costs is mandatory and may not be forgiven or waived by the Collector without the written approval (abatement) of the Selectmen. It is therefore, recommended that the Collector discontinue the practice of forgiving interest due on delinquent and unredeemed taxes without proper authorization.
6. It is recommended that the Collector adhere strictly to all the provisions of Chapter 80, Revised Statutes Annotated, concerning required notices to the Register of Deeds and other interested parties in connection with the advertisement, conduct and report of tax sales and redemptions from such sales. The Collector's neglect to follow all the prescribed tax sale procedures may ultimately result in serious financial losses to the Town. Such losses may

lawfully be recovered either from the Collector or through the Collector's surety bond.

7. All tax abatements duly authorized by the Selectmen should be recorded in the tax warrants immediately upon receipt by the Collector.

The deficiencies and recommendations enumerated above have been discussed with the Tax Collector during the course of each examination made by this Division and were also noted in our audit reports submitted to your Board subsequent to these examinations.

In connection with recommendations by this Division, R.S.A. 41:39 provides that the Commissioner of Revenue Administration shall have and exercise supervision over all tax collectors in the performance of their duties to the end that laws relating to the collection of taxes be properly administered throughout the State of New Hampshire.

It is imperative, therefore, that the recommendations made by this Division for the purpose of improving the Collector's business practices and procedures and achieving full compliance with the tax statutes be implemented promptly and in their entirety. Continued neglect to effect such recommendations could result in a determination that the accounts and practices of the Collector are irregular and subject the Collector to removal from office under the provisions of R.S.A. 41:40.

Conclusion:

The provisions of Chapter 71-a, Section 21, require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of Town. This letter, however, must be published in its entirety.

We extend our thanks to the officials of the Town of Milton for their assistance during the course of the audit.

Very truly yours,

Frederick E. Laplante, Director
DIVISION OF MUNICIPAL ACCOUNTING

MILTON ZONING ORDINANCE

A. PREAMBLE ---- In pursuance of authority conferred by Chapter 31, Section 60-89, N. H. R.S.A., 1955, and as it may be amended and for the purpose of promoting the health, safety, morals or the general welfare of the Town of Milton, New Hampshire.

B. TITLE ---- This ordinance shall be known and may be cited as the town of Milton Zoning Ordinance of 1970, hereafter referred to as 'this ordinance'.

ARTICLE 1

A. Minimum Land Area - A lot shall not be less than 40,000 square feet with an additional 20,000 square feet for each family dwelling under a common roof outside the precinct.

B. Frontage - Every building shall have a minimum frontage of 150 feet except where served by town water supply.

C. Side and Back yards - A building shall not be located nearer than 25 ft., of the property line of an abutter.

AMENDED 1973 TO READ . . .

C. Any structure shall not be located nearer than 25 ft. of the property lines of an abutter.

ARTICLE 2

A. Mobile Homes - No Trailer or Mobile Home Park for the use of Mobile Homes or House Trailers shall be permitted in the Town unless authorized by the Town of Milton at an annual or special town meeting, called by the Selectmen at the request of the Planning Board.

ARTICLE 3

A. - No poultry establishments with over 1,000 birds.

ARTICLE 4

A. - Earth Removal - The removal of clay, sod, loam, sand or gravel is permitted in any district, provided that no sod or loam is taken out of town, all excavating, handling, processing and storage facilities are removed, and the land is cleared of all stumps, logs and rocks, regraded to the level of the approximate adjoining land and seeded, all such actions to be completed within 90 days of the completion of use of the land as a source of supply, any discontinuance of earth removal for an interval of 180 days shall constitute the completion of earth removal.

ARTICLE 5

5.1 Although no specific area has been set aside for business, or

industry, the establishment of such enterprises that can be shown to be an asset to the town is encouraged. Off road parking facilities must be provided by the business.

5.2 Any business or industry or structure which would seriously be detrimental or offensive to the owners of adjoining property or to the town or which would tend to radically reduce property values or other property is prohibited except by special permit from the Board of Adjustment.

5.3 Any land uses that may be injurious or dangerous to the health or safety of the community are prohibited.

ARTICLE 6

SAVING CLAUSE – The invalidity of any provisions of the Ordinance shall not affect the validity of any other provision.

ARTICLE 7

Every person, persons, firm or corporation convicted by an authorized court having jurisdiction for violating any of the provisions of this Ordinance shall not be fined more than \$10.00 for each day the violation may exist.

ARTICLE 8

WHEN EFFECTIVE – This ordinance shall take effect upon its passage.

ARTICLE 9

Words and their intended meanings for the purpose of this Ordinance.

(a) Precinct – shall be that land or future lands that have been Plotted and Surveyed, Recommended and Approved, by the Town of Milton and the State of N. H. as the present Water District, and the future extension and installation of the Water and Sewer Lines within this community.

(b) Frontage – shall mean the number of linear feet, along any state or Town approved roads or any other roads within this community.

(c) Abuttor – shall mean the owner of record, (individuals, corporations Town, State, etc.) that has property adjacent to, or in common with, other parcels of land not being his own.

(d) Structure – shall mean the act or process of building or constructing.

In addition to this Zoning ordinance, the town of Milton also has passed comprehensive subdivision regulations. These regulations concern themselves with the division of any existing parcel of land, whether it be into two parts or twenty.

It is the responsibility of the Planning Board to administer

this law. It is also their objective to simplify the procedure for anyone who desires to subdivide. The board is prepared to offer advice and/or information to anyone who comes to them.

In the opinion of the board, it is advisable for a potential subdivider to meet informally with them, prior to beginning the plans for his subdivision. In this manner, many potential problems and pitfalls may be successfully avoided.

The Planning Board has the responsibility of serving the resident of Milton. Part of this responsibility may be fulfilled by offered knowledge and experience, to help save the subdivider time, and most importantly, money.

The board is prepared to spend as much time needed to explain any portion of the law and to answer any questions asked. The only requirement is prior notification, so they may schedule this on their agenda. In this way, no one will be inconvenienced.

Copies of the complete subdivision law may be obtained from Mrs. Eldridge, the Town Clerk or from Mrs. Sliwinski, secretary of the Planning Board.

It is the desire of the Planning Board that this comprehensive law be administered as fairly and as impartially as possible. All meetings are public and any resident is invited to attend.

All Planning Board meetings are regularly scheduled for the last Friday in the month. The time is 7:30 p.m. at the Milton Fire Station.

REPORT of the FOREST FIRE WARDEN and DISTRICT CHIEF

The New Hampshire Forest Fire Service is represented in every town, city or unorganized place in our state by the forest fire warden. Anyone wishing to kindle an outside fire when the ground is not covered with snow must first obtain the written permission of the fire warden. Except for cooking fires, no fire can be kindled between 9:00 A.M. and 5:00 P.M. unless it is a commercial or industrial burn or it is raining. The fire warden is assisted in his work by the District Forest Fire Chief who works for the Department of Resources and Economic Development Forest Fire Service.

Fire prevention was, again this year, the most important part of the Forest Fire Warden's job. Fire statistics show the need with 72% of the fires caused by smoking, debris burning and children. Smokey the Bear is an important prevention tool but he still needs much help from the public. Parents should warn their children of the hazards of playing with matches. Children tend to forget that a lighted match held in their hand is a potential forest fire.

SCHOOL WARRANT

To the inhabitants of the School district in the town of Milton qualified to vote in district affairs:

You are hereby notified to meet at the High School Auditorium in said district on the 2nd day of March 1974, at 7:00 o'clock in the afternoon, to act upon the following subjects:

1. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officers or agent of the district.
2. To hear the report of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.
3. To choose agents and committees in relation to any subject embraced in this warrant.
4. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district.
5. To see if the district will vote to provide a high school education for pupils who have reached the age of eighteen and who have not completed high school. (RSA 189:1-a). The district will pay the tuition required by law for a resident of the district who has not completed high school and who has not reached the age of twenty-one.
6. To see if the district will vote to become a member of the Strafford County Learning Disabilities Center and receive the benefits of its services at a cost to the district of two dollars per pupil. The cost to this district is projected to be \$1,200.00 for 1974-1975.
7. To see if the district will authorize the school board to make application for and to receive, in the name of the district, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government and/or state agencies.
8. To see if the district will vote pursuant to RSA 31:105 to provide indemnification for district employees, school administrators, school board members, district officers or agents from personal loss or expense including reasonable legal fees and costs, if any,

arising out of any claim, demand, suit or judgement by reason of negligence or other act resulting in accidental injury to a person or accidental damage to property providing the indemnified person was at the time of the accident acting within the scope of his employment or office.

- 9. To see if the district will vote to raise and appropriate the sum of eight thousand dollars (\$8,000.00) to replace the glass in old Nute.
- 10. To see if the district will vote to raise and appropriate the sum of two thousand dollars (\$2,000.00) to be used by the building committee in planning for a school addition.

Although the number of replacements was somewhat reduced at the high school level, the problem of teacher turnover continued to plague the middle elementary grades. Despite the well publicized surplus of teachers, few colleges gear their curriculums for the middle elementary teacher.

Another matter of importance to the voters of the district is the possible effect of recent legislation on the operations of the district. To this end, a brief review of new laws and changes which are of significance is presented.

Legislation having to do with handicapped children. The school district has been made responsible for the education of handicapped children from the time of birth until these children reach the age of twenty-one. Previously, it was responsible only after the child reached age five. The tuition liability for these children is limited to the state average cost, although current advice indicates that the district may pay more should it wish to do so. Districts are liable for transportation when a handicapped child reaches age four. Since handicapped children are learning disabled to a greater or less degree, the statutes now permit the employment by districts of learning disabilities teachers, the certification requirements of these teachers having been established by the State Board of Education. Another handicap which has been much in the news is that of children with kidney disease. A law has been passed to make the state responsible for the payment for the care and treatment of children with end stage kidney disease.

Legislation which has an effect on school finances in general. A number of districts in the state have reconsidered rejected bond issues immediately upon their defeat. This is no longer possible because at least seven days must elapse before a vote of reconsideration may be taken, and notice of the reconsideration must be published in a newspaper at least two days before the new vote. Each school, if it does not already, must make a lunch or breakfast available for pupils. No waiver beyond September 30, 1979 will be granted. This could cost money for equipment or facilities, as well as labor. Even though the dual enrollment program has been pretty well defeated by court actions, the child benefit program has not been ruled out, and a number of new benefits, such as driver education programs, educational television, lunch programs, have been made eligible. In order to place the sweepstakes program on

a fiscal year, rather than a calendar year basis, sweepstakes benefits will be paid in September, instead of December. The first year of this operation will reduce the payment by one third, as a result as only eight months, not twelve, will have elapsed. If a foster child is placed by a state agency in a district other than the child's original home, the new district will receive a sum of money, presently \$200.00, toward the payment for the child's education. When students attend a vocational program in an AREA vocational high school, such as Dover Vocational, which is not the usual high school for the district, districts which do not maintain high schools will be responsible for tuition up to the amount the high school of regular attendance, or the state average cost, whichever is higher. In the past, districts which tuitioned high school students to other districts have been responsible for tuition only up to the state average cost. Under the new law, districts must be responsible for whatever the receiving public high school charges, unless there is a contract calling for a different payment. The state average for high schools this year is \$931.00, but some high schools in the state charge as much as \$1,200.00 for tuition, the difference being the responsibility of the parents.

Additional programs which the schools must provide. The legislature added two more programs which school districts must include in the school curriculum. One is a mandate to provide instruction in the venereal diseases, which have become epidemic in New Hampshire, and the other is to provide instruction in nutrition education to be incorporated in the regular course of instruction.

Legislation effecting the operations of school boards and districts. Under the "right to know" law, any official who refuses a citizen access to a public document is personally liable for attorney's fees if a court order supports the citizen. School districts may adopt the absentee ballot when the Australian ballot is in use in that district, but if adopted, candidates must file at least thirty days before the election. This requires an article in the warrant. Immunity from civil suit has been granted to school board members for action taken in a legal school board meeting. A school district may vote at a district meeting to indemnify any official employed by it while acting in his/her official capacity for loss or damages resulting to them personally. The District shall indemnify its employees and officers acting in their official capacities when a suit involving civil rights is involved. The district may purchase in-

surance to cover its expenses in the actions mentioned above. There must be a warrant article to cover this expense if the district decides to purchase insurance.

There were, of course, other actions taken by the legislature, some of which effect all districts, and some of which effected particular districts, but, it appears that those of general interest have been summarized above.

In closing, we would like to express our appreciation for the cooperation we have received from the citizens, the school board members, the pupils, and the staff.

Respectfully submitted,

CHARLES H. MORGAN

PRINCIPALS' REPORT

It is my pleasure to deliver the principals' report for Nute High School.

I wish to extend thanks to the teachers for their fine cooperation in continued expansion of our academic programs and to the students for their receptiveness to our efforts to improve the quality of the school.

It is with regret that I inform you that our career education program of last year was dropped because of a lack of federal funding. This program served over fifty students and its loss is felt.

Nearly all of our students are taking five subjects per quarter and over eighty-five percent have physical education. The combination of these two factors has increased the use of staff and facilities by over twenty percent in the past two years.

The use of Nute by community and student groups for out of school or after school activities is enormous. In the month of January, twenty-three out of thirty-one days saw either a meeting or several activities going on.

This year by using the talents of Mr. Faron and Miss Batakis an Art program was introduced to the school and over one hundred students are participating.

The Science department under Mr. Johnson has added a course in photography. Most of the large equipment for this course and its dark room has been purchased with student funds.

The attendance is up over last years improvement and our drop out rate is very low.

Several boys are attending vocational school in Dover.

The music program continues to be a source of pride to the school and the town. Mrs. Broderick and Mrs. Hodgdon can take well deserved bows.

A second foreign language under Miss Elias has been added. Over twenty—five students are attempting Spanish.

Under the direction of Victor Joos the English curriculum was totally revamped this summer. Students may now select from over 24 courses to complete their requirements.

Last years graduation ceremony was a fitting tribute to you as parents. It was a pleasure to see tradition served with such a grand style. Much credit goes to senior advisor, Patricia Daigle.

It is most necessary to inform you in closing that Nute is in great need of expansion if we are to continue with our new state rating as a comprehensive high school.

The many new programs we have added are responsible for this new rating and if we are to maintain it, added space must be provided.

We of the staff and student body are proud of our school and of what we have done with it over the past years.

Now your sacrafice is desperately needed so that we will have the space in which to really implement these courses.

Nute is over capacity now and will continue to grow. We have just used up every available room and storage space. Sixty—six percent of our classes are over crowded for the size of the rooms available. Something must be done soon or the quality we have worked so hard to gain is going to slip away.

The decision is yours, my fellow citizens, as to how much you are willing to put out for the preparation of the younger generation.

Warnings of approaching need have been put before you each year. Now there is no more space for continued growth.

What will you do?

Respectfully submitted,
Neal P. McLaughlin, Principal
Nute High School

REPORT OF THE PRINCIPAL

This year we have experienced many staff changes at the Elementary School. The 5th and 6th grade teachers are all new members of our Milton Schools. This intermediate level has also been departmentalized by subjects for all 5th and 6th graders. Miss Frechette teaches Social Studies, Mr. Willard teaches Science, Miss Flint teaches Language Arts and Miss Tierney teaches Math. Reading is taught to each class by their homeroom teacher.

There has been a change in first and second grades with Miss Battis coming to the Milton Building and Mrs. Blanchette going to Milton Mills. This has given each building one section of the primary grades (1 through 3) which has better permitted us to place children by where they live and to avoid overloading our buses.

Each class this year has been heterogeneously grouped. The result is that there are no upper and lower academic sections of each grade.

The position of principal has been made full time this year. This has helped provide for improved management and supervision.

Mrs. Joan Paige is the new nurse for the Milton and Milton Mills Schools.

Mrs. Jean Broderick is the classroom Music Teacher. Mrs. Joan Hodgdon is continuing the individual music lessons and is presently organizing an Elementary School Band.

Special Subjects and Services:

Mrs. Nancy Drew served as Readiness Aide with Mrs. Plummer at Milton Mills.

Mrs. Karole Hughes has been employed as a Learning Disabilities Teacher for Milton, Milton Mills, Wakefield and Union.

Mrs. Patricia Silvestro was hired as her aide. A basement room in the Milton Elementary School has been remodeled. Supplies have

been obtained for this program as well as our Readiness Program. Both programs were fully funded by Title I, ESEA. A Speech Screening was held for grades 1 through 6, which was conducted by U. of N.H.. The results have led to the implementation of a Speech Therapy Program.

I would like to thank all who have been so helpful and cooperative during this past year. In this regard, we remain most grateful for the time and services afforded us by volunteer parents.

Respectfully submitted,

John D. Buckley

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

Milton School Health Report 1972—1973

Pre—school registration was held in May at the Milton Mills School. Each child was evaluated for vision, hearing, height, weight and a health history was taken.

To comply with state laws every child must have a physical examination by a doctor of his choice and be immunized for DPT, polio, measles, rubella, and have a T.B. test (within one year of entering school) prior to school entrance.

The School Dental Clinic for grades 1—6 was held in the fall of 1972 with excellent participation. Each child participating received dental cleaning, examination, and a topical fluoride treatment.

School health physicals are done yearly on the 4—7—10 grades as well as all students participating in school sports by our school doctor, Dr. Quinn. Whenever an abnormal condition is found, the parents are notified and advised to consult their family physician.

During the school year various health screenings are done including vision, hearing, height, weight, physicals and teeth.

A T.B. clinic was held in the spring at the school for the benefit of the teachers.

A Mother—Daughter Cancer Education Program for senior girls, their Mothers and women of the community was offered in the spring. Cancer education films were shown and Dr. Quinn was present to answer questions. This fall the Department of Communicable Diseases presented a program at the High School on venereal diseases. An excellent film was shown followed by guided discussions.

I'm glad to see so many children taking advantage of our excellent nutritious hot lunches. Assistance with applications for free and reduced hot lunch rates are available through the school nurse.

I would like to thank all the people who have been so helpful and cooperative during my first year as School Nurse. My special thanks to the staff of the Milton Ambulance Service of which we've had to call on three times this year. Their prompt and efficient service is greatly appreciated.

Respectfully submitted,

Mrs. Joan Paige, R.N.
School Nurse
